Third International PhD Symposium in PÉCS

October 25-26. 2007. Pécs, Hungary

Organized by

University of Pécs, Pollack Mihály Faculty of Engineering

Supported by ECCE, ISSMGE

Objectives of the PhD Symposium to provide a forum for PhD students in engineering to present the progress of their work, to discuss the results of the ongoing PhD studies in order to support the future activity, to give the opportunity for PhD students to establish contact for international communication, to compare PhD studies in various countries.

System of this symposium is to have oral presentations by the PhD students themselves, which are immediately followed by discussions that are scheduled in the programme.

Main results of the studies are summarized in the Pollack Periodica

All of the abstracts and papers will be reviewed by the members of the Scientific Committee
